## CLASSIC LINE

As we mature, our bodies undergo significant changes. Recognizing these natural transitions, a team of doctors played a pivotal role in the development of our reshaping semi orthopedic garment line. We collaborated with textile engineers, designers and tailors who are experts in their respective fields to create the highest quality reshaping garments available

Our innovative approach aims not only to improve overall health, but also to restore and preserve beauty. ArdyssLife's Classic Line is a testament to our commitment to the absolute best quality, by fusing medical expertise and aesthetic appeal.

# BODY MAGIC

**RESHAPE YOUR BODY AND

### ANGEL BRA

#### How to measure:

**Step 1:** Take your measurements using a tape measure in inches.  
 We will take two types of measurements:

#### Measurement A: BREAST

- Slide the tape measure around your chest.
- Cross it over the chest without applying pressure.

The measurement is taken from the front at the widest part of the breast.

**Step 2:** Select the size. Using your breast size, locate your Angel Bra size in the table below.

#### Measurement B: THORAX

- Slide the tape measure around your thorax from front to back. Adjust it and place it in the center of the back.
- The tape measure should form a "V".

The measurement is always taken from the back, below the bustline.

1	2	3	4	5	6	7	8	9	10
A	B	C	D	E	F	G	H	I	J

CHEST MEASURES	ANGEL BRA SIZES	TABLES OF CUPS, EXTENSIONS AND STRAPS

38-39 in	38						E	F	G	H	I
40-41 in	40						E	F	G	H	I

STRAPS 3/4"

STRAPS 1"

3. Calculate the Angel bra size, by subtracting the thorax measurement, from the breast measurement.

4.Example: **40"** Breast measurement, MINUS **34"** Thorax measurement **EQUALS 6**.

5.Take the difference of 6 and count up using the alphabets. Example ABCDEF, Alphabet A is number 1, and alphabet F is number 6.  
 Your cup size would be: 34F
