A) Distributors with the Rank of Advisor, Coordinator, or Supervisor (as of May 2025): Please review the qualification rules below.

B) Distributors with the Rank of Manager or Higher (as of May 2025): Distributors at higher ranks can also participate but must contact **Paola Szymanski** at **+52 33 1803 0296** to receive a **personalized goal** tailored to their level.

What’s Required to Qualify as Advisor, Coordinator, or Supervisor?

1. Personal Activity Points:

Accumulate **1,000 points** in personal activities, of which **at least 150 must be personal points**.

2. Group Points (50% Rule):

For the months of June, July, August, and September, you must reach the following group points:

- **June:** 2,000 group points
- **July:** 4,000 group points
- **August:** 6,000 group points
- **September:** 6,000 group points

What Are Personal Activity Points?

Personal activities are key to qualifying and reflect your direct efforts. Here are the three essential components:

1. Personal Sales:

Purchases made for yourself or your business. Includes all purchases under your Independent Distributor ID for resale or personal use.

2. Recruitment:

Register **new affiliates** and place them on your **first level**. Each new affiliate contributes to both your personal activity points and your group points.

3. Follow-Up on First-Level Reorders:

Following up with customers and distributors on **your first level** who place reorders will count toward your personal activity.

How to Achieve 2,000 / 4,000 / 6,000 Group Points?

Success in this contest depends on your ability to teach your team how **to reach 1,000 personal points**. When your team members hit their personal activity targets, those points contribute to your total group points.

Example:

If you have 3 distributors and each of them achieves **1,000 personal activity points** in a month, that's **3,000 group points**. If you also achieve your 1,000 points, that makes 4,000 points in one month.

It's Time to Shine!

This contest is a chance to grow as a leader and earn a **dream trip**. Remember, the key is to work closely with your team and ensure everyone is aligned with the goal.

Teach, guide, and hit the target! Punta Cana is waiting for you...
