ArdyssLife[®]

Our work system is designed so anyone can do it!!

ArdyssLife compensation plan is designed to fairly reward those people who decide to work our system seriously and constantly.

Each new ArdyssLife Distributor has the option of generating 2 types of earnings.

The first is income generated from selling the products and the second is residual income from teaching others to also use and sell the products.

In the following document, you can find our 9 ways to make money and to facilitate the learning process we have divided them into 3 concepts: Quick Earnings, Residual Income, and Goals Earnings

CONCEPT # 1 QUICK WAYS TO MAKE MONEY

1. Retail Sale

By registering as an ArdyssLife Independent Distributor, you get the opportunity to buy your products with a 40% discount or more. Sell the products at Retail Price and generate quick and daily earnings!

Online Sales:

As a part of your affiliation with ArdyssLife, you will receive a website (online store) to sell your products. The profits generated by this activity will be paid monthly according to the type of payment you have chosen in the company. The qualification points generated by these sales will count as personal points under your ArdyssLife Distributor ID Number, helping complete your personal points to be able to collect commissions. Earnings from online sales are 35% over the Retail Price.

2. Bonus for recruiting new ArdyssLife Distributors

Each time you affiliate a new member to the ArdyssLife family, you will receive a one-time compensation for doing so. This bonus is related to the initial registration package.

Power Pack & Express Pack Bonus

Each time you affiliate a new Distributor in ArdyssLife with a \$300 Power Pack business package, you will receive \$50 in earnings for each. If you affiliate them with the \$100 Express Pack, you will receive a \$20 bonus for each one.

Multiplier Bonus

Each time you affiliate three ArdyssLife new Distributors during the same month with the \$300 Power Pack business package, instead of receiving \$50 for each, you will receive \$100 for each, for a total of \$300 for all three enrollments.

Express Bonus for Affiliating Membership or Brand Partners

Every time you affiliate a new Distributor in ArdyssLife with the \$50 Membership or with the Brand Partner membership, you will receive 30% of the Value Points (VP) exclusively from their first purchase, we call this the Express Bonus.

Automatic Rank Adjustment

To prevent you from being left without this bonus when you fall out of rank for several months, the system will automatically adjust your rank after 3 months. It is important that during this time you make your monthly purchase of 100 Qualification Points in each month, and have at least 2 affiliations with Power Pack or Express Pack during that same period of time

7.- Car Bonus

In addition to the Rank bonus mentioned above, ArdyssLife adds a chart similar for you to get additional bonuses and pay your car month by month. According to the volume of points reached with the 50% rule, the company will pay you the following amounts monthly.

CONCEPT # 3 BONUSSES BY GOALS

8.- Power Start and 100% match bonus

The Power Start is a successful program with 36 goals, and every time you reach them, you go charging up lucrative bonuses that can make you earn a quarter of a million dollars. But that's not all, every time someone affiliated with you also reaches their goals, you will earn the same amount as them.

You must achieve two goals month by month simultaneously. The first goal is to accumulate Group Qualification Points with the 40% rule, that is, you must build at least 3 teams in a balanced way. The second goal is to keep active with at least 50 points the people who are indicating in the chart and they must be affiliated directly by you.

For example, once you reach 800 Group Points with the 40% rule and have at least 3 people affiliated by you buying 50 points each, the company will pay you a single bonus of \$50 dollars. Let's say that next month you managed to reach 2,000 Group Points and now You have 4 affiliations, and the company will now pay you \$100. Let's think the following month you manage to ascend to 10,000 points and keep your 9 people with their minimum of 50 points, then you will collect the bonuses of \$150, \$200, \$250, \$300 and \$350 dollars together, that is \$1,250 dollars in a single check. These bonuses are unique and are paid only once in your own chart, however, if you want to collect these bonuses several times, what you should do is help your affiliates, we call this Power Start matching bonus, and it is explained below.

9.- Power Start Matching Bonus:

ArdyssLife will additionally match you 100% what the people you recruited do on their own Power Start charts. If for example you have three people affiliated by you placed either in your first level or at any depth of your network and they earn the first \$100, the second \$150, the third \$500, you will earn the same as all of them, that is, a cumulative \$750 in that month. The matching bonus is charged as long as your affiliate has a rank equal to or less than of yours.

In order for you to collect this bonus, you must be registered as a 300 points Distributor or Brand Partner; \$50 affiliations or with the \$100 Express Pack do not participate in this Program. To collect this bonus you must make your minimum monthly purchase of 100 Personal Qualification Points and your organization is balanced with 3 organizations, that is, you don't have more than 40% of all your volume in a single organization, we call this the 40% rule.

Important Concepts

Periods

At Ardyss the periods of qualification and payments are every 30 days. The period usually runs from the 1st to the last day of each month. This may change if closing days fall on Sundays or holidays.

Minimum Personal Required

(It entitles you to earn commissions).

The minimum personal required for each Distributor is 100 PQP per month. (See the Unilevel Bonus chart). In addition to making an order, you must meet the administrative requirements of each country to collect your commissions.

50% Rule

The 50% rule means that you must develop your business with 2 or more teams as downlines

Example:

If you want to qualify as a 2,000 GQP Supervisor with the 50% rule, the maximum points you can get from each team will be 1,000 QPs, so you must make another 1,000 QPs with other teams.

40% Rule

40% Rule means that you need to develop your business with 3 or more teams as downlines.

Example:

If you want to qualify as a 2,000 GQP Supervisor with the 40% rule, the maximum you can get is 800 GQPs, so you must make another 400 with a 3rd team.

Qualification Points and Value Points:

The company has 2 types of points associated with each product. Qualification Points (QP) and Value Points (VP). QPs, as the name implies, help you to qualify in your rank, bonuses, Power Start and promotions. Value Points are used to calculate residual income such as Express Bonus, Unilevel Bonus and Generation Bonus.

Personal Points and Group Points:

Personal Qualification Points (PQP) represent the purchases you make on your ID. Group Qualification Points (GQP) represent the total Personal Qualification Points generated by the entire group in your organization.

This amount determines the total production of your organization, which in turn determines your rank in Ardyss

Ardyss Prime

Becoming a member of the Ardyss Prime group gives you the right to enjoy benefits that other Distributors do not have, such as discounts on your shipments, access to purchase products with additional discounts, and advantages in the compensation plan. To be part of the Ardyss Prime group you must schedule your Recurring Order with at least 100 Qualification Points. The first month you schedule your Recurring Order your Ardyss Prime membership is free, however, to remain active, your order must be successfully executed month to month.
