COLLAGEN FORMULA

BEAUTIFY YOUR SKIN!

Revitalize and Rejuvenate with
De León Coffee Collagen Formula.

WHAT CAN DE LEÓN COFFEE COLLAGEN FORMULA DO FOR YOU?

Our exclusive coffee blend, infused with ingredients that care for your skin, may help protect your health and strengthen your body from the inside out. In addition to its delicious cappuccino flavor, this formula offers remarkable benefits for your skin and overall well-being, allowing you to enjoy while taking care of yourself.

Could slow down
the signs of aging.

May increase
energy levels and
support gut health.

May enhance
skin hydration
and elasticity.

Could maintain
bone health and
alleviate joint pain.

May promote mental
balance by reducing
stress and tension.

Uncover the enchanting power of our unique coffee, enriched with skin-loving ingredients that will revitalize your radiance! Beyond its indulgent flavor, De León Coffee Collagen Formula offers a luxurious experience, nourishing your body like never before.

Infused with collagen and essential nutrients, it helps support skin elasticity, promotes healthy hair and nails, and provides a youthful glow. Each sip not only delights your senses but also delivers lasting beauty benefits from the inside out.

MEET THE STAR INGREDIENTS!

COFFEE:

Acts as a central nervous system stimulant, combating fatigue and boosting energy levels. Its ability to influence fat storage and promote gut health aids in effective weight management, contributing to overall health and well-being.

COLLAGEN:

Enhances skin hydration and elasticity while reducing the appearance of wrinkles. Additionally, it supports healthy bones and relieves joint pain.

PROTEIN:

It is essential for the growth, repair, and maintenance of body tissues, including muscles, skin, and organs. Protein also plays a key role in producing enzymes, hormones, and antibodies. It helps in muscle regeneration after exercise and in maintaining a strong immune system.

SUNFLOWER OIL:

It is rich in essential fatty acids, especially omega-6, and vitamin E, an antioxidant that protects cells from free radical damage. It promotes cardiovascular health by lowering LDL and raising HDL cholesterol, and supports skin by keeping it moisturized.
