

MetaBiome GLP

PREBIOTIC + PROBIOTIC · DIETARY SUPPLEMENT

Advanced Microbiome Support
for Metabolic Wellness*

What will
METABIOME GLP
do for you?

MetaBiome GLP combines three clinically studied probiotic strains with a targeted prebiotic fiber to feed the good bacteria your body needs — offering vital benefits such as:*

SUPPORTS GUT HEALTH

Helps maintain a healthy, balanced gut microbiome environment.*

SUPPORTS HEALTHY APPETITE REGULATION

Supports your body's natural fullness signals.*

FEEDS YOUR PROBIOTICS

A targeted prebiotic fiber (380 mg XOS) fuels your probiotics so they actually establish and work.*

SUPPORTS METABOLIC WELLNESS

Supports the gut's role in your body's natural metabolic balance.*

CLINICALLY RELEVANT POTENCY

2 Billion AFU per serving — live, active organisms delivered at time of use.*

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

MetaBiome GLP gives your gut a daily supply of three clinically studied probiotic strains plus a targeted prebiotic fiber, working together to support a thriving microbiome and a healthy metabolic environment.*

Not all probiotics are equal. Each strain in this formula was chosen for how it works together with the others — because good bacteria can't do the job alone without the right fuel to establish and grow.*

Directions: As a dietary supplement, take two (2) capsules daily with water, preferably before a meal, or as directed by your healthcare professional.

Supplement Facts

Serving Size: 2 Capsules

Servings Per Container: 30

AMOUNT PER SERVING

% DAILY VALUE*

Calories 5	—
Total Carbohydrate <1 g	0%
Dietary Fiber <1 g	0%
Probiotic Blend (<i>Akkermansia muciniphila</i> , <i>Bifidobacterium lactis</i> , <i>Lactobacillus reuteri</i>) 2 Billion AFU	**
Xylooligosaccharides (XOS) 380 mg	**

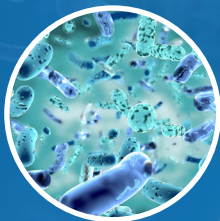

*Percent Daily Values are based on a 2,000 calorie diet.

**Daily Value (DV) not established.

Other Ingredients: Vegetable Capsule (Hypromellose), Rice (as rice flour), Microcrystalline Cellulose.

Caution: Do not exceed the recommended serving. Consult your healthcare professional before use if you are pregnant, nursing, under 18, taking medication, or have a medical condition. Discontinue use and consult your healthcare professional if any adverse reaction occurs. Keep out of reach of children. Store in a cool, dry place.

MEET THE STAR STRAINS

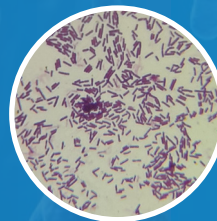

AKKERMANSIA MUCINIPHILA

Found naturally in the gut's mucosal layer, this key-stone strain is one of the most studied in the microbiome. Associated with gut lining integrity, metabolic signaling, and healthy appetite regulation.*

BIFIDOBACTERIUM LACTIS

One of the most extensively studied probiotic strains. Supports digestive balance and regularity, and helps create an environment where the other strains in this formula can thrive.*

LACTOBACILLUS REUTERI

Colonizes along the gut wall rather than just passing through, for longer-lasting presence and more consistent support over time.*

XOS (XYLOOLIGOSACCHARIDES)

A highly selective prebiotic fiber (380 mg) that preferentially feeds Bifidobacteria and Akkermansia — giving your probiotics the fuel they need to colonize and work.*
